<https://navitabi.co.jp>

# Smart MTBO with NaviTabi

- Automatically ringing and vibration at control point (within 40m for MTBO)
- GPS route record
- Race result
- **No need for control flag and unit!**
  - 200 different controls punched
  - one weekend training,
  - World Records ? 😊

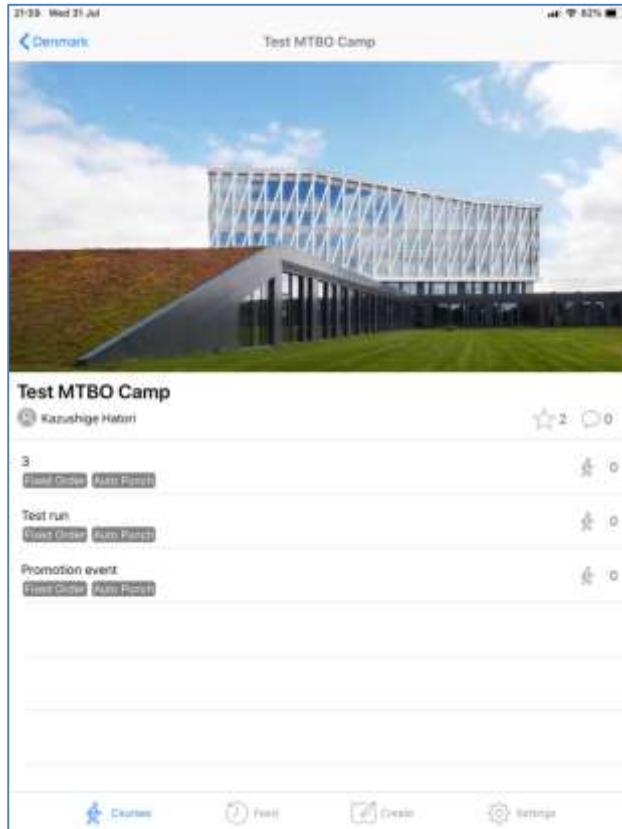

# Before use initially

- Organizer
  - Install NaviTabi
  - Login
  - Register  
as organizer  
(ask developer)
- Competitor
  - Install NaviTabi
  - Login

**Use same NaviTabi application**

# How to use

- Organizer
  - Set courses

- Competitor
  - Choose your course
  - Go to start point
  - Push start button (ringing)
  - Put smart phone in your back pocket
  - Enjoy Smart MTBO!

# Features

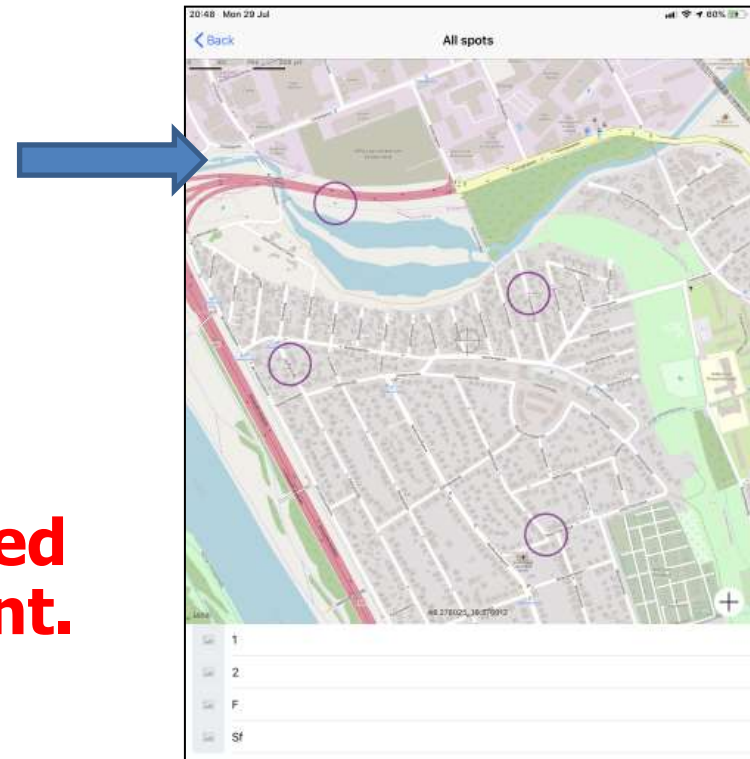

- Very easy to use !
- GPS LIVE
  - You can watch other competitors' locations from anywhere

# Set course (basemap)

- Organizer can start/set courses anytime.
- A course setting takes approx. 10 minutes.
- Normally you set courses based on Open Map.
- Your MTBO map can be imported to NaviTabi (Ask developer).

**-Imported Map will be used repeatedly for future event.**

Sample course setting in Vienna City

# Request for test use and feedback

- For EU countries/mtbo-friends as trial
  - No charge before enough feedbacks and good stability
  - Updating possibilities by requests
  - We hope to discuss about commercial use after EU organizer trials for months
- Would you have interest in and try NaviTabi !
- FAQ
  - Q. Stable? working good ?
  - A. Basically yes, but in rare cases still not.
  - Q. User manuals ?
  - A. English version soon after WOC. Orz
